

WELCOME TO SAM

We are glad to have you back. We have been thoughtfully planning for our reopening based on guidelines from the CDC and Seattle King County Public Health. Here are some new procedures to follow during your visit.

Timed Ticketing Required

Ticketing is timed to limit capacity. Some galleries are closed; some have capacity limits.

No Backpacks Or Large Bags

The coat check is closed. Backpacks, large bags or items bigger than 11" x 15" are not allowed.

Mask Required

All staff and visitors must wear masks. Need a mask? Available for a \$2 donation to SAM.

Social Distancing Required

Please pay attention to physical distance between you and other visitors and staff; keep your group together and six feet away from others.

Enhanced Cleaning

Top-tier technologies and products used in cleaning all high touch and high traffic areas. Note that we have also removed interactive touch screens and shared materials in the galleries. Hand sanitizer stations are located throughout the museum. Please use them!

Online Map Available
